1200/1225 PM Briefing

1225/1245 **Radio Call: 6521 Hollywood: Pagetime: RP Steve the owner/manager of the business called BID for assistance. At the location Steve was attempting to tell me about his business dispute he was experiencing with a male black approximately 20 years old. I advised him that I could not advise him on this business matter and I was only here to keep the peace and to keep him safe. He became irate and stated " What good are you guys ?" I advised him that I was here because he called us, however, I have no authority to police any issues he was having with a client. He stated he was trying to steal his phone that he lent him as a service for fixing a broken phone the client brought in to have repaired at his business. Steve further stated if I was not willing to help he was going to call LAPD, I gave him the telephone number. When the male black attempted to**

**leave the store, Steve began to lock the doors to the business to prevent the male black from leaving. I warned him that what he was doing can amount to "False Imprisonment" and that he should open the door. Steve opened the door. I believe Steve might call to file a complaint regarding my handling of the situation.**
